

For Immediate Release

December 27, 2020

Further testing shows no additional COVID-19 positive cases at Sherbrooke Community Centre.

All of the residents who live in the specific house where a resident of Sherbrooke Community Centre tested positive yesterday for COVID-19 have tested negative for the virus. We are very pleased with this news.

Sherbrooke remains in suspect Covid-19 outbreak which means all infection control steps are being taken to ensure the virus does not spread. Management at Sherbrooke are working closely with the Saskatchewan Health Authority and Public Health officials to identify anyone who may have been exposed and is taking steps to protect the health of all residents, staff and families.

Sherbrooke Community Centre CEO, Suellen Beatty, says, “we will continue with our current precautions and are grateful for the support we are receiving from the Saskatchewan Health Authority and Public Health officials. I want to thank all of our staff for their diligence in keeping our residents safe and the greater community for its thoughts and prayers in this challenging time.”
