*Creates a community that supports each person to live a full and abundant life.*

January 3, 2022

Dear Elders and Families,

We wanted to provide you with an update on the outbreak situation at Central Haven. We have been informed by the Medical Health Officer that we are in a confirmed Covid-19 outbreak.

The families of those residents who are positive and who are on isolation precautions have been contacted to inform them of the situation. We ask that families please do not call the nurses as they will be extremely busy monitoring the health of residents and setting up isolation carts.

A confirmed Covid-19 outbreak places Central Haven in Level 3 Restrictions. This means the following:

- Two essential family/support members can be present at the same time for:
  - o Palliative care, or those who are high risk for loss of life;
  - o Residents who have experienced a dramatic shift in function.

Our managers are working closely with the Saskatchewan Health Authority and Public Health officials to ensure all necessary precautions are in place to protect the health of all residents and staff.

We will be updating our website and Facebook page with the latest information.

Thank you for your support and understanding as our community works together to overcome this latest challenge in the pandemic.

Sincerely,

A handwritten signature in black ink that reads "Roberta Gallagher". The script is cursive and fluid.
