What is new in the Eden Philosophy?

Citizenship Huddle: What is Community?

The **CITIZENSHIP MODEL** transforms long-term care into a purpose-filled, participatory community where every person is recognized as a valued citizen with rights, responsibilities, and meaningful contributions.

This is a shift from a customer service model to a **CITIZENSHIP MODEL**.

Most people want to belong to a community. Most people do not want to live in a hotel and live their life as a customer.

When creating community we need to remember that a **true community** only occurs when the people in it, truly care for and look out for each other.
